

FOLD

tear

scrumple, scrunch

and
scribble

all with

just a bit
of paper

A new production by Libellule Theatre

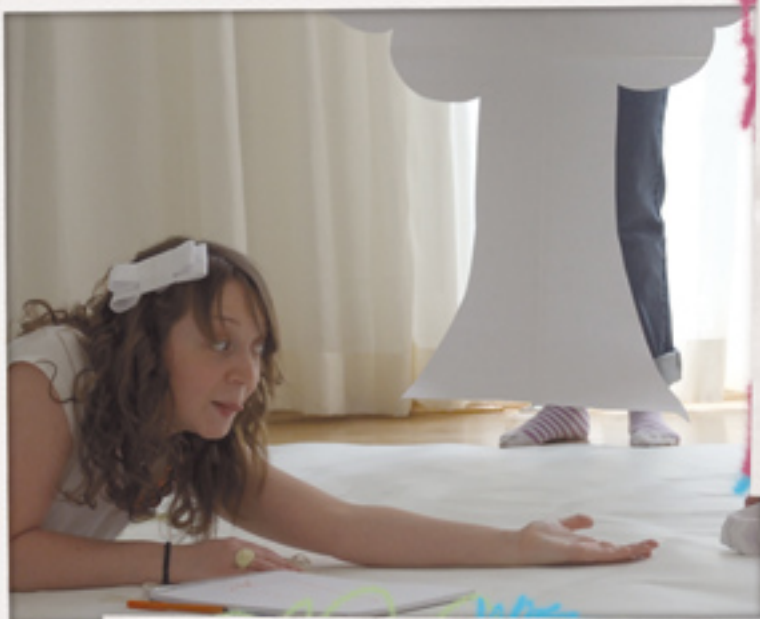

Blow your windmill round and round
Swim under the sea with a fish, or three
Make the rain come splashing down
And Scribble the wonders of all you've found

In a beautiful blend of play, performance and puppetry we invite you to explore our world made of paper.

An extraordinary visual and highly interactive theatre journey for 3-5 year olds and their families.

"It kept the children and adults spellbound"
(Audience member)

"The artists knew just how to ensure the children had the most fantastic experience" (Early Years Service Advisor)
